

There is a huge choice of both new and used vehicles. Size, the number of beds, the price and quality, design and safety aspects, as well as heating system, comfort and various additional options – all of these must be considered if you are to find the right vehicle for you. To guide you through this maze, we have compiled a checklist, to help you compare and make your choice.

Make _____
 Model _____
 Registration number _____
 Year of manufacture _____

Safety is an important aspect. If buying a used motorhome or caravan, make sure a qualified professional inspects it first.

Don't skimp on details that will enhance your camping experience. Underfloor heating is a big step forward in relaxing comfort.

The environment and economy are often interconnected. If you have a motorhome with a wet central heating system from Alde, you can opt for an engine heat exchanger.

There is a huge choice of both new and used vehicles. Size, the number of beds, the price and quality, design and safety aspects, as well as heating system, comfort and various additional options – all of these must be considered if you are to find the right vehicle for you. To guide you through this maze, we have compiled a checklist, to help you compare and make your choice.
